Acts of Violet-Margarita Montimore 2022-07-05

From Margarita Montimore, the author of GMA Book Club pick and national bestseller Oona Out of Order, Acts of Violet is a dazzling and twisty new novel about a famous magician who disappears, leaving her sister to figure out what really happened. Nearly a decade ago, iconic magician Violet Volk performed her greatest trick yet: vanishing mid-act. Though she hasn't been seen since, her hold on the public hasn't wavered. While Violet sought out the spotlight, her sister Sasha, ever the responsible one, took over their mother's salon and built a quiet life for her daughter, Quinn. But Sasha can never seem to escape her sister's orbit or her memories of their unresolved, tumultuous relationship. Then there's Cameron Frank, determined to finally get his big break hosting a podcast devoted to all things Violet—though keeping his job hinges on an exclusive interview with Sasha, the last person who wants to talk to him. As the ten-year anniversary approaches, the podcast picks up steam, and Cameron's pursuit of Sasha becomes increasingly intrusive. He isn't the only one wondering what secrets she might be keeping: Quinn, loyal to the aunt she always idolized, is doing her own investigating. Meanwhile, Sasha begins to experience an unsettling series of sleepwalking episodes and coincidences, which all lead back to Violet. Pushed to her emotional limits, Sasha must finally confront the most painful truths about her sister, and herself, even at the risk of losing everything. Alternating between Sasha's narration and Cameron's podcast transcripts, interspersed with documents that offer a tantalizing peek at Violet herself, Acts of Violet is an utterly original, propulsive story of fame, deception, and forgiveness that will make you believe in magic.

The Internationalists-Oona A. Hathaway 2017-09-12

“An original book...about individuals who used ideas to change the world” (The New Yorker)—the fascinating exploration into the creation and history of the Paris Peace Pact, an often overlooked but transformative treaty that laid the foundation for the international system we live under today. In 1928, the leaders of the world assembled in Paris to outlaw war. Within the year, the treaty signed that day, known as the Peace Pact, had been ratified by nearly every state in the world. War, for the first time in history, had become illegal. But within a decade of its signing, each state that had gathered in Paris to renounce war was at war. And in the century that followed, the Peace Pact was dismissed as an act of folly and an unmistakable failure. This book argues that the Peace Pact ushered in a sustained march toward peace that lasts to this day. A “thought-provoking and comprehensively researched book” (The Wall Street Journal), The Internationalists tells the story of the Peace Pact through a fascinating and diverse array of lawyers, politicians, and intellectuals. It reveals the centuries-long struggle of ideas over the role of war in a just world order. It details the brutal world of conflict the Peace Pact helped extinguish, and the subsequent era where tariffs and sanctions take the place of tanks and gunships. The Internationalists is “indispensable” (The Washington Post). Accessible and gripping, this book will change the way we view the history of the twentieth century—and how we must work together to protect the global order the internationalists fought to make possible. “A fascinating and challenging book, which raises gravely important issues for the present...Given the state of the world, The Internationalists has come along at the right moment” (The Financial Times).

The Five Lives of Our Cat Zook-Joanne Rocklin 2012-04-01

In this warmhearted middle-grade novel, Oona and her brother, Fred, love their cat Zook (short for Zucchini), but Zook is sick. As they conspire to break him out of the vet's office, convinced he can only get better at home with them, Oona tells Fred the story of Zook's previous lives, ranging in style from fairy tale to grand epic to slice of life. Each of Zook's lives has echoes in Oona's own family life, which is going through a transition she's not yet ready to face. Her father died two years ago, and her mother has started a relationship with a man named Dylan—whom Oona secretly calls “the villain.” The truth about Dylan, and about Zook's medical condition, drives the drama in this loving family story. Praise for The Five Lives of Our Cat Zook STARRED REVIEW "Rocklin's characters are fully developed: readers will be invested. Set in Oakland, readers are also treated to a refreshingly authentic child's view of a diverse city. The only imperfection in this novel is that it ends." —Booklist, starred review “Oona's character is a combination of Harriet the Spy in curiosity and Anastasia in spunk. Another emotionally satisfying outing from Rocklin; hanky recommended.” —Kirkus Reviews "Just as she did in One Day and One Amazing Morning on Orange Street, Rocklin intertwines her characters so smartly that the many coincidences and serendipitous events feel organic to the story. The story's ending—bittersweet, inevitable, and true—offers much-needed catharsis for the family and for anyone who has ever loved a pet." —The Horn Book "This heartwarming family tale is filled with resilient and thoughtful characters who are willing to learn from their mistakes. Readers who enjoy the novels of Jeanne Birdsall and Leslie Crunch will appreciate this charming story." —School Library Journal "There is a strong sense of place in this loving story with the ending sure to generate some tears. This would make a strong library lesson extension activity." —Library Media Connection Awards SCBWI's Golden Kite Award for Fiction - 2012 Dorothy Canfield Fisher Book Award Rebecca Caudill Young Readers' Book Award

Rebelwing-Andrea Tang 2020

"Mixing everything that's best about dragons, dystopia, and generational conflict, Tang delivers a high flying debut that pulls no punches." --E.K. Johnston, #1 New York Times Bestselling Author Things just got weird for Prudence Wu. One minute, she's cashing in on a routine smuggling deal. The next, she's escaping enforcers on the wings of what very much appears to be a sentient cybernetic dragon. Pru is used to life throwing her some unpleasant surprises--she goes to prep school, after all, and selling banned media across the border in a country with a ruthless corporate government obviously has its risks. But a cybernetic dragon? That's new. She tries to forget about the fact that the only reason she's not in jail is because some sort of robot saved her, and that she's going to have to get a new side job now that enforcers are on to her. So she's not exactly thrilled when Rebelwing shows up again. Even worse, it's become increasingly clear that the rogue machine has imprinted on her permanently, which means she better figure out this whole piloting-a-dragon thing--fast. Because Rebelwing just happens to be the ridiculously expensive weapon her government needs in a brewing war with its neighbor, and Pru's the only one who can fly it. Set in a wonderfully inventive near-future Washington, D.C., this hilarious, defiant debut sparkles with wit and wisdom, deftly exploring media consumption, personal freedoms, and the weight of one life as Pru, rather reluctantly, takes to the skies.

But Oona is different from the rest of her family. She longs for adventure and knowledge. So she steals aboard her father's ship just as he's about to set sail for his annual winter whale hunt, and suddenly finds herself in the midst of a grand adventure!
