_____ When given the most unlikely opportunity - will they have the guts to take it? When Posy planned her wedding, she assumed that she would be at the altar, not skulking in the last pew wishing premature death on the bride. Lola planned her happily-ever-after for twenty-eight years. When a sudden death makes her homeless and jobless, she must leave the fancy biscuit trade without so much as a custard cream for the journey. The village of Steeple Fritton appears to be their only salvation. They have to utilise their assets or go under. But when the assets are a showman's traction engine, an ailing pub and a village full of eccentrics, the new life plan is not immediately obvious to either of them.

Tickled Pink-Rita Rudner 2001-11-17

Mindy Solomon absolutely has to leave Miami. Florida is bad for her head and her hair. She dreams of a dancing career on Broadway and moves to New York, but after a string of failures and mishaps, she realizes that she needs to rethink her grand plan. Finding herself spending way too much time in the comedy club where her future ex-boyfriend works, she nervously goes up onstage one night. People laugh. Not in the places where Mindy thought they'd laugh, but hey, it's a start. Mindy and her friend Ursula Duran, a man-magnet model-slash-actress-slash-deeply troubled woman, soon

embark on a wild ride that ricochets from New York's East Side Hotel for Women to the comedy circuit, auditions, photo shoots, film premieres, cable TV specials, Hollywood studios, late-night TV talk shows, and beyond. Surrounded by sleazy agents, sleazier lovers, and Ursula's even sleazier mother, the two find that life writes a few punch lines they weren't expecting...but through it all, they somehow manage to have the last laugh. Rita Rudner has crafted a debut novel that is not just funny, but moving and insightful. With its insider's viewpoint of the world of stand-up comedy, *Tickled Pink* is also, at its core, a touching tale of love, loss, female friendship, and forgiveness.

Church Dramas-Rebecca Knill 2006-02

Church Dramas: Volume 4 packs 30 comedies and dramas into a sharp, tightly-

written compilation of scripts suitable for the Sunday service. Volume 4 depicts a world stumbling in the aftermath of September 11th, where a dedicated father questions his faith during a routine luggage search by an overzealous airline employee ("Search and Rescue"), to an afterlife orientation that plummets a newcomer into horrors unimagined in a terrifying depiction of Hell ("Descending"). On a lighter note, we meet Joan and her frustrating, dysfunctional Christian family as she walks through the basics of what it means to be a Christian ("Joan Smith, Follower of Jesus"), and unveil the latest Hollywood "D" List celebrity: Jonah's Great Fish ("The Whale We Were"). Church Dramas: Volume 4 crackles with conflict, resulting in surprising confessions, unfortunate choices, and a "Bad Hair Day" for Samson, who inadvertently stands up his stylist in a salon mix-up. Read them for fun or for church, then discuss amongst

yourselves.

POETICAL THEMES-John Cowell 2020-03-23

More poems from the prolific pen of Burnley author John Cowell taking up where he left off from his second book of poetry "A Compilation of Poems" and expanding on the two themes closest to his heart - Nature and the Burnley of his childhood and youth in the 1940s and 1950s. His affinity with the natural world and the great outdoors provides a refreshing counterpoint to today's demanding hi-tech world which allows little time to stand and stare and appreciate the

beauty and wonder that surrounds us. His painfully honest recollections of a past now long gone will evoke poignant memories for those who lived through those times, and inform a younger generation curious to know what it was all about. There are also many other poems, some in Lancashire dialect, touching on all aspects of his rich experience in the Burnley he loves and the wider world beyond. The author's wry humour and enduring empathy with his fellow creatures is implicit throughout.

Ice Cream Trade Journal- 1964-07

Outrunning the Demons-Phil Hewitt 2019-01-24

In recent years, we have seen a growing awareness of the immense therapeutic benefits of going for a run. The cliché tells us that the only bad run is the run you don't go on. For thousands of people, it's much more dramatic than that: just putting their

running kit on and getting out the door can be - quite simply - a life-saver. For people in times of crisis, trauma and physical or mental illness, running is often the means by which they reconstruct fractured, fragmented identity - or indeed the means to a new identity. When normality collapses, running can put it back together again. In the very worst cases, it can actually create a new normality and offer us the chance to move on. And this will be the subject of this book, an in-depth exploration of just why running can so often seem the answer to everything when you find yourself in extremis. It will be written with insight, humour and understanding, but also with authority and scientific basis. Phil Hewitt, the bestselling author of *Keep on Running: The High and Lows a Marathon Addict*, is, regrettably, well qualified to write the book as he has been there himself. He was viciously mugged in South Africa in

February 2016. He suffered stab wounds, broken ribs and abdominal injuries and was effectively left for dead in a grim Cape Town suburb. With already 30 marathons under his belt; and in the first few weeks after the attack, when he could barely walk and suffering acute symptoms of post-traumatic stress disorder, inevitably it was running he turned to. While he could make no sense of what had happened to him, Phil knew that dedicating himself to running - and its possible healing powers - was the only route ahead. Although the author's experiences will not be the subject of this book, they will certainly inform his approach to it as he looks at runners who have suffered similarly and worse in a wide range of scenarios. The book will cover the themes of Trauma, Bereavement, Depression & Anxiety, Addiction & Alcoholism, Terrorism, Violence/Sexual Abuse, Long-term Health Conditions (cancer, stroke etc) and Eating

Disorders. While dealing with heavy, harrowing subjects, the eventual book will be uplifting and celebratory, an exploration of the strength that the human spirit can muster in our very worst moments - and why so often running can be the key to unlocking resilience we never knew we had.

Good Riddance-Elinor Lipman 2019-02-05

The delightful new romantic comedy from Elinor Lipman, in which one woman's trash becomes another woman's treasure, with

deliriously entertaining results. Daphne Maritch doesn't quite know what to make of the heavily annotated high school yearbook she inherits from her mother, who held this relic dear. Too dear. The late June Winter Maritch was the teacher to whom the class of '68 had dedicated its yearbook, and in turn she went on to attend every reunion, scribbling notes and observations after each one--not always charitably--and noting who overstepped boundaries of many kinds. In a fit of decluttering (the yearbook did not, Daphne concluded, "spark joy"), she discards it when she moves to a small New York City apartment. But when it's found in the recycling bin by a busybody neighbor/documentary filmmaker, the yearbook's mysteries--not to mention her own family's--take on a whole new urgency, and Daphne finds herself entangled in a series of events both poignant and absurd. Good Riddance is a pitch-perfect, whip-smart

new novel from an "enchanted, infinitely witty yet serious, exceptionally intelligent, wholly original, and Austen-like stylist" (Washington Post).

Events in the City-Andrew Smith 2015-11-19

Cities are staging more events than ever.

Within this macro-trend, there is another less acknowledged trend: more events are being staged in public spaces. Some events have always been staged in parks, streets and squares, but in recent years events have been taken out of traditional venues and staged in prominent urban spaces. This is favoured by organisers seeking more memorable and more spectacular events, but also by authorities who want to animate urban space and make it more visible. This book explains these trends and outlines the implications for public spaces. Events play a positive role in our cities, but turning public spaces into venues is often controversial. Events can denigrate as well as animate city space; they are part of the commercialisation, privatisation and securitisation of public space noted by commentators in recent years. The book focuses on examples from London in particular, but it also covers a range of other

cities from the developed world. Events at different scales are addressed and, there is dedicated coverage of sports events and cultural events. This topical and timely volume provides valuable material for higher level students, researchers and academics from events studies, urban studies and development studies.

Washing the Brain □ Metaphor and Hidden Ideology-Andrew Goatly 2007-01-17

Contemporary metaphor theory has recently begun to address the relation between metaphor, culture and ideology. In this wide-ranging book, Andrew Goatly, using lexical data from his database Metalude, investigates how conceptual metaphor themes construct our thinking and social behaviour in fields as diverse as architecture, engineering, education, genetics, ecology, economics, politics, industrial time-management, medicine,

immigration, race, and sex. He argues that metaphor themes are created not only through the universal body but also through cultural experience, so that an apparently universal metaphor such as event-structure as realized in English grammar is, in fact, culturally relative, compared with e.g. the construal of 'cause and effect' in the Algonquin language Blackfoot. Moreover, event-structure as a model is both scientifically reactionary and, as the basis for technological mega-projects, has proved environmentally harmful. Furthermore, the ideologies of early capitalism created or exploited a selection of metaphor themes historically traceable through Hobbes, Hume, Smith, Malthus and Darwin. These metaphorical concepts support neo-Darwinian and neo-conservative ideologies apparent at the beginning of the 21st century, ideologies underpinning our social and environmental crises. The conclusion

therefore recommends skepticism of metaphor's reductionist tendencies.

Walt Disney and the Quest for Community-Steve Mannheim 2016-02-24

Downloaded from www.sewweekly.com
on May 25, 2022 by guest

During the final months of his life, Walt Disney was consumed with the world-wide problems of cities. His development concept at the time of his death on December 15th, 1966 would be his team's conceptual response to the ills of the inner cities and the sprawl of the megalopolis: the Experimental Prototype Community of Tomorrow or, as it became known, EPCOT. This beautifully written, instantly engrossing volume focuses on the original concept of EPCOT, which was conceived by Disney as an experimental community of about 20,000 people on the Disney World property in central Florida. With its radial plan, 50-acre town center enclosed by a dome, themed international shopping area, greenbelt, high-density apartments, satellite communities, monorail and underground roads, the original EPCOT plan is reminiscent of post-

war Stockholm and the British New Towns, as well as today's transit-oriented development theory. Unfortunately, Disney himself did not live long enough to witness the realization of his model city. However, EPCOT's evolution into projects such as the EPCOT Center and the town of Celebration displays a remarkable commitment by the Disney organization to the original EPCOT philosophy, one which continues to have relevance in the fields of planning and development.
