My Todays Will Always Be Better than Yesterday Because of You-Amanda M. Hinojosa 2014-10-22

Author Amanda Hinojosa has always wanted to write and has sought purpose in her writing—special meanings that truly hit home. In this poetry collection, she tells the story of how she has overcome obstacles throughout her life to end up where she is today: in the arms of the man of her dreams. Through verse, she recalls the whirlwind of events that have marked her life from childhood through today. She asks vital questions and invites those who are important to her to play a part in her wedding. She also addresses readers in hopes of guiding others to help people in situations like her own. In this autobiographical collection of poetry, Hinojosa seeks to share her story and reach out to those who are special to her. Problems Problems come and problems go each minute of the day. Problems being solved, somehow along the way. Some come; many go, through people’s ears they hear. Problems always seem to flow away, so don’t have any fear. Problems can be easy, some are even hard. Many can be sent, in a little card. Many can be very weird, due to being plain, Problems are this way, because they’re so hard to explain. If this world that we live did not have one problem, Our home would not be that exciting little blossom.

My Yoke Ain't Always Been Easy-Dr. Harry M. Cartwright Sr. Ph.D. 2018-01-24

This is a parable about an African American male who grew up on the Eastern Shore of Maryland, basically poor but relatively happy like so many of his peers who played and worked together while dreaming lofty dreams of making a better life for ourselves. Through learning to have faith in God and the proper guidance from family, the church, teachers and a community that expected high achievements from the youth of that community, the die had been cast. Dr. Cartwright was able to develop a huge desire to be the best that he could be and to live a righteous and prosperous life despite his humble beginnings. In this book he used many Biblical principles to remind the public of the living Word in hopes of lifting others up in their daily struggles to succeed. He has unselfishly opened himself up to scrutiny by revealing some of his own darkest moments and how he was able to overcome, hoping to illuminate a path of self redemption and grace that is available to us all.

TO YOURSELF BE ALWAYS TRUE & MY BEST FRIEND AND I-Delaurna U. Murphy 2012-07-18

By now it should be clear that the opinions expressed in this book are solely those of its author. And that both essays reflect the in-depth thoughts of this writer. Thoughts that are unlimited to the various subject matters but are still drawn from various stances pertaining to real life experiences based on what we come to learn and know about real living. Self-identity is an extremely important matter to the cause of existence and socio-political frameworks. Marcus Messiah Garvey who is a Jamaican National Hero and a famed international afro-political and social anthropologist who struggled against the racial oppression of black or Negro people during or around the late 1940s to the early 1970s stated: “If you have no confidence in self then you are twice defeated in the race of life”. Mr. Garvey was encouraging people of all races everywhere to be and remain resilient despite their daily grief and gripe for racism. This Jamaican immigrant, who migrated to the United States of America realized the need for afro-centric people of all creed and classes to become enlightened about the many social and political as well as religious issues that faces them on a daily basis. These were and still are spitefully designed social and political barriers to prevent people of a darker skin tone from becoming successful or from succeeding the many hurdles life’s struggles evolve, or which are sometimes natural. Mr. Garvey also realized that if people of color are to succeed then the key towards change can only be achieved through education which must be undertaken on a large scale. Because of this fact Mr. Garvey risked his own life; as many also believe this may well had caused the demise of this social-liberator, also the lives of countless others who helped to raise the level of political and social consciousness of not only the afro-American diasporas but of down-trodden peoples of all races, classes, ethnicities and religious persuasions everywhere. Like the Hon. Marcus Messiah Garvey, this writer too realizes the need to further raise the social and political consciousness of all peoples regardless of skin color, ethnicity, creed, religion, spirituality, gender, age, social status or political persuasion. These essays are therefore recommended to everyone who understands or seek to understand the intricate matters of life’s struggles. The author believes that by reading this book one will not conclude full understanding of self-identity, but will however better understand that the mysteries of living carries an endless scope of understanding, therefore the more aware one becomes the easier it is for such individual to accept the joy of living. Also, that if one doesn’t understand life on a broad scale then the understanding of self becomes ever more importantly needed. So, on the behalf of the author and all who have already taken a step towards the understanding of self, and too for those who have now decided to join others who’ve already found pleasure in the study and understanding of self, I do hope that the continuity in doing so will electrify their interest to maintain the effort to become, or to remain an encouragement to others especially after reading these two essays before passing this book on to another while hoping that the same positive results will be achieved. Also, that the need to further study the subject of self-realization may further encourage such ones to continue to seek even more understanding of this subject matter so as to better enjoy the pleasures of living as well as to share such pleasures with others who share such desire.

Dark Tides-Philippa Gregory 2020-11-24

#1 New York Times bestselling author of *Tidelands*—the “searing portrait of a woman that resonates across the ages” (People)—returns with an evocative historical novel tracking the rise of the Tidelands family in London, Venice, and New England. Midsummer Eve 1670. Two unexpected visitors arrive at a shabby warehouse on the south side of the River Thames. The first is a wealthy nobleman seeking the lover he deserted twenty-one years earlier. Now James Avery has everything to offer: a fortune, a title, and the favor of the newly restored King Charles II. He believes that the warehouse’s poor owner Alinor has the one thing he cannot buy—his son and heir. The second visitor is a beautiful widow from Venice in deepest mourning. She claims Alinor as her mother-in-law and tells her of the death of Rob—Alinor’s son—drowned in the dark tides of the Venice lagoon. Meanwhile, Alinor’s brother Ned, in faraway New England, is making a life for himself between in the narrowing space between the jarring worlds of the English newcomers and the American Indians as they move towards inevitable war. Alinor writes to him that she knows—without doubt—that her son is alive and the widow is an imposter. But how can she prove it? Set in the poverty and glamour of Restoration London, in the golden streets of Venice, and on the tensely contested frontier of early America, this is a novel of greed and desire: for love, for wealth, for a child, and for home.

Inside My Heart A Fire Is Always Burning-Stanley R. From 2011-06-23

One of the biggest challenges in life is to develop the ability to deal with frustration; to tolerate disappointment, and to draw from such experience a positive result. Millions of people face disappointment every day. Friendships evaporate overnight, job promotions are extended to others, continuous efforts to connect with available women end in rejection and inner emotional turmoil. College applications end in polite; “Thank you for contacting us” rebuttals, neighbors become less hospitable over local issues, and children clash with parents over numerous issues concerning growth and maturation. People look to their local pharmacies for miracle cures, seek out skilled therapists upon which to share their numerous anxieties, or relate to close friends; sworn to secrecy; their doubts, sufferings, and apprehensive feelings about the future. Improvement comes about only through change; a realization that the status quo doesn't bring about the required results anymore. People have different viewpoints on change. Some fear it completely; some accept it conditionally; some embrace it completely; while others navigate along a path of partial acceptance until the day finally arrives when they become masters of the situation. People often misunderstand the actions of others, run away from responsibility, or find themselves in total isolation due to medical problems not discovered at an early age of their development. Change occurs in everyone's life to a degree. Frustration is the emotional barrier which motivates or defeats the personal desire for fulfillment. Compositions in this book deal with the challenges of life. Many roads are available. Some are traveled on more than others. Let us begin the journey.

[Louisiana Coffee ... with Lots of Cream](#)-Betty J. Reynolds 2007-09-04

Louisiana Coffeewith lots of cream is Dr. Betty Reynolds fifth book to be published. Not surprisingly, this book is not about coffee, nor is it about cream. Instead, it is a delightful medley of intriguing tales covering four generations of a New Orleans Creole family. Since Creole usually denotes a mixing of bloods, the color of their skin can be as varied as the color of ones coffee ranging from dark, dark chocolate to the lightest of rich cream. This fictional memoir appropriately starts a hundred years ago in New Orleans the home of the family matriarch, Bertha Mayberry. Berthas story is a mysterious one that she preferred to be kept locked among other family secrets. She was particularly sensitive about having to reveal her misfortune of being trapped in a bordello when she first arrived in New Orleans as a young girl. Her romantic rescue ended in tragedy, but she did transcend in the end and married a popular Black jazz musician named William Sweetwater Lewis. Together they gained respectability by working hard and providing their five daughters with a good education, a passion for music, and a young life filled with parties and gala events in a city that was known for them. Berthas children as well as her childrens children follow their own paths in choosing where and how they will live out their lives. Their accounts of triumphs and mishaps take you on a fascinating journey to experience the mysteries of black magic in the Louisiana swamps, a numbers racket in Detroit and the casinos in Las Vegas when the mob was in control. Some leave the safety of their ancestral home on Bourbon Street to carve out new lives in other far-away places such as the Jersey Shores, Philadelphia, or New York. Whatever their destination, each member of the Lewis clan brings to the saga an interesting storyline that shares his/her unique motivations, desires and actions that sometimes lead to less than favorable consequences. Louisiana Coffeeis meant to inform, rather than to alarm. It is a tell-all fiction that might open some eyes as what goes on in a different world on the other side of the cultural divide.

If These Walls Could Talk-Elaine Greene 2006

Home is where House Beautiful's heart is, and this second engaging collection of the magazine's "Thoughts of Home" column pays tribute to that special place. These first person essays capture the nostalgia for Grandmother's farmhouse, the giddy pleasures of that first apartment, the recovery from the loss of a beloved abode. Author Edna O'Brien leads us through her adored childhood home in County Clare. Christopher Buckley's "Foggy Bottom Blues" amusingly recounts his mishap-ridden relocation to Washington, D.C. From Patrick Dunne's reminiscences of junkyard picking in New Orleans to Sally Ryder Brady's story of watching her family's Vermont house bulldozed to the ground, these essays remind us that not only is there no place like home, but that no two are alike.

Mao's Children in the New China-Yarong Jiang 2013-10-08

Around 18 million young Chinese people were sent to the countryside between 1966 and 1976 as part of the Cultural Revolution. *Mao's Children in the New China* allows some of them to tell their moving stories in their own voices for the first time. In this inspiring collection of interviews with former Red Guards, members of the first generation to be born under Chairman Mao talk frankly about the dramatic changes which have occurred in China over the last two decades. In discussing the impact these changes have had on their own lives, the former revolutionaries give a direct insight into how ex-Maoists view contemporary China, revealing an attitude perhaps more critical than that of most Western commentators. These poignant memoirs tell the very personal stories of how people from all walks of life were affected by both the cultural revolution and Deng Xiaoping's economic reforms. They cover subjects as diverse as marriage and divorce, the privatization of industry, family relationships, universities and the stock market. *Mao's Children in the New China* is essential reading for all those interested in learning more about the personal and social history of modern China.
