The healing power of the 528 Hz frequency has been recognized since ancient times. According to Dr. Horowitz genetic signals of light and sound compel physical restoration through a programmed biofield. In music tuning to frequency means tuning one note on an instrument to that specific frequency. So if you tune your violin and for

Feb 27, 2016 · 432 Hz. The magic number everybody is talking about. It is said to be the natural frequency of the universe, to have cosmic healing powers and to attract masses of audience to our music. Just by tuning our music less than a semitone below our standard A=440Hz we are promised direct access to the universe's hidden treasures.

Music Theory: 432 Hz Tuning - Separating Fact From Fiction

The individual frequency of the energetic biofield can be tuned just like an instrument using vibrational sound with tuning fork and crystal bowl sound therapy and helps to restore cellular balance. The cells in your body respond to vibration, singing bowls, drums and
