Self-awareness is an aspect of consciousness that is highly developed in humans in comparison with other animals. A human being unaware of his or her personal characteristics, of what he or she knows and doesn't know, can do and cannot do, wants and doesn't want, has experienced and is experiencing, etc., would surely be difficult to communicate with naturally.

Online tutorials give students hands-on practice using the rhetorical moves that this book emphasizes. Each tutorial helps students analyze an essay

with an eye to these “moves that matter” and then use the book’s templates to craft a response. Introductory phrases like these are both redundant and misleading. In the first example
